

## Recycling Compound Words

Compound words are made up of two separate words (like bed + room = bedroom)

Below are some words that need to be joined up to make compound words.

Join each pair of words by drawing a line between them; and then write out the words at the bottom of the page.

ONLY USE EACH WORD BOX ONCE... they all have a partner

Word boxes containing the following words:

- FILL
- BOARD
- PAPER
- DUST
- CORN
- BIN
- WALL
- WILD
- LAND
- NEWS
- HOUSE
- LIFE
- WORK
- CARD
- HOLD
- HOUSE

- 1).....
- 3).....
- 5).....
- 7).....

- 2).....
- 4).....
- 6).....
- 8).....

Now can you write a short passage about recycling using the words you made?  
How many can you use?
